## Trading Key #3 **Divorcing Spirit of Coercion**

The name speaks for itself. This is a free will enticement or where you have allowed yourself to do stuff you have later regretted. Guilt, shame & fear are not sealed from God but mandates of the 2<sup>nd</sup> Heaven. These mandates create self-loathing “AGREEMENTS” that are in the spirit, and have you backed-up into a corner as they are caught up in an invisible web. A better way to say this is that they are “SPELL-BINDING Agreements”.

Think about these words or ask Karyn about the witches in the spirit that are flying on their broomsticks, hunting for soul opportunities to lay down their spells or master plans of manipulation & destruction (for them it’s a numbers game). At night while you sleep, it’s the perfect time for the soul to be manipulated.

**AYIN** Supernatural Bodyguard Activation

Evidence through Discernment | Wisdom | Warfare | Healing Breakthrough

The third time Karyn witnessed this; she began to understand more of her short stroll through New Age. In the spirit, dragons are real, evil spirits are real and witches and warlocks are real. They are also backed by what is called evil human agents, know or unknown.

## You Tube Resources: How Great is our God; Louie Giglio How Great is Our God Laminin Louie Giglio Full Movie?

Take the time to listen to the entire clip as it hold special insights all the way through, I came across this clip by accident and for me at the time I had no idea why I needed to listen, now this was right at the start when I first found the Courts in Heaven, way before I went to Christ.

Yet once I got it!!! really got it!! I started to heal parts of my DNA, because too many of my own bloodline have died through cancer and other ailments. From a young child I have been attending funerals yet never did I ever even as an adult hear one of my family members teach us how to prayer, no one talked about any tools to help the loved one in their time of need.

As I reflect all we did was sit by a bedside and wait. Now when I talk about many, I mean many died far too early. The Laminin is one of the first things I taught anyone that came to see me. No one left without being encouraged to research this topic.

The God particle is powerful, but if you do not know then how you can be armed to combat issues. As I continued to see illness around me, I personally approach issues from three fundamental positions.

1) Physicians or professional advice in your issue. These people have something to offer, they often plant seeds. We suggest that it is by choice to accept the planting of that diagnosis into your physical body because the spirit world will run with whatever you agree to. Be careful that you do not plant and water and grow something that can be healed by viewing your trichotomy through the Holy Spirit.

2) Faith relationship, this is finding a church, a mentor, buy a bible, seek understanding listen to online ministries until someone hits your heart. If nothing makes sense like it was for me, do not stop just because someone does not know you nor understand your life. do not let their opinion shape your healing.

3) Spiritual Bodyguards Activation is all about teaching directional topics on what the supernatural “dishes” out to the world. The crazy thing is once you start researching you will come across material that is a complete no go. Simply as the person irritates you just the way they scream instead of speaking, just because they hit a topic that is still un-healed into your life. Do not! let these moments stop the bigger picture. Spiritual Warfare is real, the 2<sup>nd</sup> Heaven is real, but the world runs off on tangents until it wakes up to the reality that the “HUMAN” life in eternity is being hunted on earth from the womb, and so many have no gumption of the fact, absolutely zero understanding.

Take little steps with these 3 approaches as you add in new arsenal, expect changes as you begin your journey as you reconnect with your authority & power. Take your breakthrough and your miracles and present it to your physician for confirmation of a physical change as they need to learn and experience first had a move of god in their own lives and profession.

Example: I personally embrace all three approaches.

Take a sickness of Bowel Cancer, this is how one can approach such a serious sickness taking the 3 approaches that I have talked about.

You may feel ill, and evidence is showing that there is something wrong, then out of the blue you get a phone call to be placed on the Bowel Cancer Register. You decline because you decide not to plant the seed. Then when you decline you that you don't want to be on the Register, you get more phone calls and they become more persistent while also receiving marketing mail for the next 3 – 5 months.

Then suddenly with in that 3 – 5-month period your body is under attack, but there is no reason because you have never been sick in this area before. You find alternate ways to deal with this situation when suddenly it had come out of nowhere. This is when Holy Spirit is invaluable. Words of knowledge, help dislodge hexes, vexes, incantations, curses that have been thrown and for some reason you have caught something by accepting a word that is not yours and your own truth. Suddenly, an ailment, sickness or disease has landed.

Don't be one of those who sits on the edge of eternity not knowing what's next in the chapter of your trichotomy.

Don't be consumed by the hunger games in this life and miss the beauty of the next.

For I have made many mansions in my father's house. Which means there is a next, there is a resting place of either rest or no rest. If you are struggling with anything then get to know your Laminin as a starting base line weapon of inner healing, start at the creation of who you are start at your DNA molecule level.

Reminder that I have not said we do not need the medical profession, but by faith and realignment the Christ energy that God has popped into our DNA is available to us, we need to acknowledge then take steps in the direction

of building faith and then work on repairing DNA Trauma through faith relationship.
