Shutting Down Open Chakra Doorways

This decree is about establishing new plumb lines in the spirit & a beginning to understand how Jesus's boundaries are set in his word for our security from the entities of the 2nd Heaven overshadowing earth. This topic is about fixing chakras that have been opened and will be used by the 2nd Heavens soul-trafficking systems, giving them total authority over your trichotomy. Opening & shutting chakra systems is a debated topic throughout New Age. The revelation that Karyn has encountered makes this trading key a topic for those with personal or DNA history regarding opening and closing chakras.

Below you will find a list of 7 chakra systems. Please seek teachings from Karyn on how & why chakras need to be closed to stop sickness in the body.

The following examples are for establishing evidence. If you have actioned any chakra openings, then through the Group Zoom Q&A ask about Karyn's personal experience her solar plexus being open.

How she dealt with it and how long it took to rectify and how dormant was the bondage, laying waiting for an event to manifest before the curse landed & took hold because the chakra doorway was wide open for 2nd Heaven to do its business, legally!

Her information may shock you but is worthy of your time to DIY Investigate. Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

1. ROOT or BASE CHAKRA (*Muladhara*) – Zodiac signs Capricorn, Virgo and Taurus

The 4th Ray of "*Harmony through Conflict*" governs the base chakra or root. This chakra symbol represents the most earth-centered energy. It stands for our inherited beliefs through our formative years. Self-preservation, personal survival and our identification with the physical world centers in this bottom most of the main seven chakras.

A healthy root chakra connects you with vitality to your family of origin, your immediate society and to the global community. If your 0-7 years were challenging and without love, then this damaged root chakra will function much differently. Issues of survival such as emotional dysfunction, stress, anxiety, and restlessness will plague you.

You'll have fears of letting go, scarcity, poor boundaries, and more. It's during the 0-7 years that we learn about where we fall in our relationships with siblings, parents, our community, and how we relate to them.

Health issues: Joint pain, lower backache, elimination problems, obesity, constipation, anorexia, and poor immune system function.

1. What beliefs did you inherit or learn from your family?
2. Is there unfinished business between you and your parents?
3. What limiting beliefs did you learn about personal survival and money?
4. Do you have personal boundaries that you maintain?
5. Is it difficult for you to bond with others?
6. Are you often sick or suffering from illness?

Transcendence of unloving imprints in this chakra: "*Others show you yourself and what you need to work on within, by their reflection of your own rejected or denied emotions.*"

Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

2. SACRAL/NAVAL CHAKRA (*Svadhithana*)– Zodiac signs Pisces, Cancer and Scorpio

The 7th Ray of "*Ceremonial Magic*" rules this chakra symbol. The second from the bottom of the seven chakras is about our relationships, creativity, sexuality, control and money.

It's our time of developing individuality and realizing we are a separate entity from our parents and family. Here we learn about the polarity of opposites, male and female, positive and negative. Relationships with the opposite sex are explored here. Blocks in this second of the seven chakras brings lessons on jealousy, betrayal, control and power plays.

Health Issues: Uterine or bladder problems, sexual difficulties, impotence, lack of flexibility, sciatica, lower back pain, and problems with large intestines.

1. Do you express your creativity?
2. Are you comfortable with your sexuality and able to receive nurturing from others?
3. Do you need to control, or give your power away to get something in return?
4. Are you addicted to alcohol, drugs, sex, people or something else?
5. Do you suffer from guilt, shame, anger, and are judgmental towards the past?
6. Do you find it difficult to make money?
7. Do you stand up for yourself...say what you mean and mean what you say?
8. Do you make everything a crisis?

Transcendence of the unloving imprints within this chakra: "*emotional addictions are felt, accepted, loved and forgiven.*"

Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

3. SOLAR PLEXUS CHAKRA (*Manipura*) – Zodiac signs Aries, Leo and Sagittarius

The 6th Ray of "*Devotion*" governs this chakra. This chakra symbol connects us with the energy to take action and is the seat of self-esteem and expressing our personal power. Our relationship to the world around us, and our beliefs about our place within it come from this the third of the seven chakras.

Self-honoring starts here. A healthy third chakra honors emotions, warmth, intellectual understanding, and self-confidence. A keen awareness of your personal power comes from this chakra. It is at this chakra that balance becomes possible through harmony between the upper three and lower three chakras.

Blocks in this chakra symbol cause fear of rejection, over sensitivity to criticism, the need to exert power over others, hot temper, demanding and blaming, judgmental attitudes, feelings of lack of recognition, aloofness, fear of something new, low energy, confusion over which direction to go, and low self-esteem. It is here we learn of self-empowerment, integrity and self-respect.

Health Issues: diabetes, hypoglycemia, gallstones, nervousness, low energy, muscle cramps, stomach problems, lumbar spine, liver disorders.

1. Is passive-aggressive manipulation of others something you do to get your way?
2. Do you feel like a victim?
3. Do you compensate from low self-esteem and shame based feelings by being overly responsible?
4. Can you follow your heart to break through blocks and fears?
5. Are you afraid of change?

6. What causes you to lose your power and why?
7. Do you maintain your integrity by following through on what you say?
8. Do you respect yourself and others too?

Transcendence of the unloving imprints of this chakra:

"Balance between intuition and intellect."

Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

4. HEART CHAKRA (*Anahata*) – Zodiac signs Aquarius, Gemini and Libra

The 2nd Ray of "*Love-Wisdom*" rules this chakra symbol. It's at this chakra that we start to see the possibilities of the internal and external world...the world of spirit and of form. The heart chakra is the integration point for the seven chakras of the body, because it holds the sacred spark of the divine and the intuition of the Mother.

When the heart chakra symbol is open, we are able to forgive, our lungs are clear and our immune systems are healthy. The higher chakras cannot be assessed till we pass through the heart. A heavy heart is one that carries resentment and anger from denied feeling and emotions, as well as guilt.

To have a healthy heart, you must allow these suppressed emotions to surface, heal, and fall in love with yourselves. Or, suffer from bitterness and lack of forgiveness. An unhealthy heart chakra causes alone feelings and despair. How you love yourselves, you love others. The heart lessons are self-love and forgiveness of yourself.

Health issues: high blood pressure, breathing difficulties, circulation problems, shortness of breath, chest pains, disorders of the heart, tension between the shoulders.

1. Do you allow yourself time alone for you?
2. Do you practice true forgiveness by seeing your own faults?
3. Do you carry a lot of sadness and emotional wounds in your heart that you don't want to accept and look at?
4. Are you able to let go of controlling everything and letting a balance between intellect and your feeling emotions have control?

Transcendence of the unloving imprints of this chakra:

"Healing of spirit, emotions, body and heart take precedence over everything."

5. THROAT CHAKRA (*Vissudha*) – No Zodiac signs

The 3rd Ray of "*Active intelligence*," is associated with the fifth of the seven chakras. This chakra symbol is all about choice, willpower and the right to speak and be heard. Speaking our peace is our God given right of choice. Having said this, not all we say gives us peace. Some of what we say dis-empowers us...some empowers. What we say is caused by unloving or loving imprints from our past again.

It is through this chakra that we manifest what we want in life. A healthy throat chakra makes your voice clear and it resonates with truth. The words are a creative expression of the honesty and trust we feel within.

Blocks in this chakra make it difficult to communicate because we feel suppressed by swallowed emotions and feelings. The voice is weak and your feelings unclear or garbled. Integrity plays a huge part in the proper functioning of the throat chakra. Since it's between the head and the heart it works to maintain integrity between what we think and what we feel. Self-empowerment is the main lesson of this chakra symbol.

Health issues: fever, ear infections, weariness, thyroid problems, disorders in the throat, ears, voice, neck, cervical spine, hypothalamus and esophagus problems.

1. Do you express your thoughts and feelings so others understand?
2. Is your voice clear and resonant when you speak?
3. Do you believe you have the right to make choices for yourself that empower you?
4. Are you a good listener?
5. Do you lie in order to get your way?
6. Do you have a good sense of timing and rhythm?

7. Is your head and your heart going in opposite directions?

Transcendence of the unloving imprints of this chakra:

"New found awareness and direction."

6. THIRD EYE (*Ajna*) – No Zodiac signs

This chakra is governed by the 5th ray of "*Concrete Knowledge.*" Our intuition and our ability to see with vision comes from here. It's the center of divine wisdom, the spiritual eye that seeks to see and know the truth in all things. From the sixth of the seven chakra symbols we close our physical eyes and look at the world from all aspects of self. Our intuition becomes our guide.

A healthy third eye gives us the power to perceive every reflection from the outer world, as a direct call for us to accept it as ours, heal and love it.

Blocks in this chakra cause us to become delusional, unimaginative, indifferent and to have poor memories. Worry is a big problem, spaced-out, and poor concentration also plague a person with a sick third eye chakra.

1. Do you trust your intuition?
2. Can you let your imagination soar and visualize?
3. Do you constantly justify and give reasons for acting without love?
4. Do you have "insight" as to what's happening in any situation?
5. Do you have difficulty concentrating?

Health issues: headaches, eye problems, pituitary and pineal glands, neurological problems.

Transcendence of the unloving imprints of this chakra: *"Balance the physical and the mental.*

Soul Profiling | Opening Chakras is Hazardous to the Physical Body.

7. CROWN CHAKRA (*Sahasrara*) – No Zodiac sign

The 1st Ray of "*Will and Power*" is associated with this chakra symbol. This chakra is located at the top of the head and spins very quickly as a 1000 petal lotus...our direct connection to God. Guidance comes directly to us from the divine and is received through this chakra.

The life force from the creator penetrates into our energy system through the crown, and moves down through the other energy centers to the root chakra. From here we are inspired by God, and filled with Grace, because we have a strong connection to a power greater than ourselves. We live in present time and our spirits live in the now in harmony with our form and Will.

Blocks in this chakra cause confusion, depression, senility, fear of success and lack of inspiration. The flow of spiritual energy is blocked in both directions. When this happens spiritual addiction and over intellectualizing occurs, as well as dissociation with the body.

Healthy Issues: Migraines, brain tumors, coma, amnesia, nervous system and muscular system disorders, mental issues, and skin disorders.

1. Can you feel a higher power governing your life?
2. Do you feel inspired, and open to new ideas?
3. Do you often feel confused or depressed?
4. Do you meditate?
5. Do you pray to God, thanking Him for all that you are, and show gratefulness for what you have?
6. Are you always complaining to God about your unhappiness?

Transcendence of unloving imprints of this chakra: "*I and my Father are one in complete harmony with my Will.*"

Peoples Foolish or Stupidity Decree

Opening Chakras fits the names of this prayer statement, remember you are establishing evidence by understanding the ignorance & in some situation direct lies {White Witch False Reality} that New Age promotes about the chakra system.

Holy Spirit I seek your justice while we are together with you on this day. I acknowledge when I Repent; I am confessing and removing the power of the enemy out of mine and my bloodlines lives.

1. **Father, Friend, Judge:** I acknowledge that I have had a shame-based life and that I have allowed the enemy to access me.
2. **Through the opening of my chakra system, known or unknow, by myself or others unknowingly, by my DNA from past generations or through unknown witchcraft.**
3. **I confess** all the sins of my ancestors.
4. I confess my parents and all the authority figures in and over my life.
5. Everybody that has sinned against me, that would cause me to give a place for the shame, fear, and guilt to take hold of me; I forgive them all Lord.

6. **Father, Friend, Judge,** I ask you to forgive me now as I have forgiven them.
7. **Father, Friend, Judge,** I choose to forgive myself for all the stupid things I've done, enhancing all shame, fear, or guilt, thereby giving it a place to be active in my life.
8. **Father, Friend, Judge,** help me break my covenant with shame, along with fear and control. Dismiss all strongholds over me and my bloodline, let our enemy's ability over us, hold no more legal rights, removing future opportunities of litigation to be brought against us.
9. **Father, Friend, Judge,** assist me by summoning our enemy to address you today in a manner we understand. Ensuring nothing is left in the bloodline giving them a legal right over us.
10. **Father, Friend, Judge,** restore our minds and call out your blessings for each of us in our names, as in Heaven and on Earth.
11. **Father, Friend, Judge,** let me see myself as you. I trust in the coming days, you will come and heal all the hurts in my heart that I have given a place for the stronghold of shame, fear and guilt to take governance over my life journey and life results.
12. **Father, Friend, Judge,** today day I declare I Am Blessed, not just on this day but all the rest of the days of my life. From this moment the wars and allegations my enemies have waged against me are NOW overrun by the blessings you hold in my name. I am totally free – In Yeshua's name Amen.

Lord break loose generational curses all the way back to the seed of creation, covering my bloodlines intent and actions across all Time, Dimension, Space, Reality, Dominions and Kingdoms, across all universe and realms, known or unknown, seen or unseen.

Lord break loose curses of failed relationships, and miscommunications and blocking your love, peace and joy in our lives.

Lord break loose curses of mine and my bloodlines health and wellbeing; removing the legal right for illness and early deaths to appear or repeat across future generations.

Lord break loose curses of my ability to manifest wealth and prosperity in all areas of my finances. Let me see opportunities through your eyes not mine.

Lord break loose curses of my delayed achievements in all areas of education, business, all career opportunities, anything blocking freedom and abundance. Break loose, all curses stopping my ability to succeed in a manner you and I talked about before I came to this life.

Lord break loose curses of Family situations that are under threat or being persecuted by our enemy. Stopping the full fruits of our true-life rewards from manifesting, as your words spoken over us have always been pure.

Lord break loose curses of failed relationships, communications, love, and wellbeing, as I know you see what I do not, and I know your heart and intent is pure.

Lord break loose curses off any bloodline members known or unknown to me; all curses, layers upon layers, sitting over us, blanketing me or my bloodline through misjustice of aborted souls, all things I know nothing about, yet the enemy uses against us. Father Let us Repent NOW for all who have travelled roads that have unknowingly let the enemy enter.

Lord break loose curses covering my bloodlines illnesses and diseases. Anything that has plagued our genealogy for generations. All diseases and

addictions, all forms of violence to self and others, all mental illnesses veiled by our enemy, all energy that is held in captivity as a form of false allegations, all writ and warrants, known or unknown. In my name, I repent releasing all legal or illegal holds over my bloodline this very moment, all the way back to the seeds of creation.

Lord break loose curses over love, peace, and joy. Any form or satanic decrees and commissioning's blocking the physical life, all things seen or unseen, known or un-known. All Freemason and Secret Societies, all Satanic words, deeds, books, spells and rituals.

Lord wherever I stand in your presence and your court room on this day and any other day, I knowingly receive your wisdom and direction, your cleansing, clearing, and healing, in full authority and faith. I now understand how to listen and seek your refuge.

Lord may your blessings remind Satan that the blood of your stripes has fallen, and that my iniquity has been settled by the bruises you received as me.

Lord may your blessings remind Satan that the blood of your stripes has fallen, and that My Transgressions have been settled because of the beatings you received as me.

Lord may your blessings remind Satan that the blood of your stripes has fallen, and that My Sins have been washed in your blood, for you died as me not for me.

Lord may your blessings remind Satan that the blood of your stripes has fallen, and that from the seven places where your blood fell, it fell as me.

Through Matthew 5:25, I address my adversary this very second and I say: I have come into agreement and break bread and drink wine with you Lord, by doing so removing the space for a curse to operate.

I now call upon the glory light to heal all soul wounds and ask for the hand of Jesus to seal with his holy oil any wounds in my bloodline, all the way

back to the seed of creation , known or unknown, seen or unseen, back to this very moment. I remove my adversary from my life in every area. In this moment I ask, Jesus release the promises that have been stored in heaven in my name.

I release all bloodline souls trapped in the enemy's hands, any bloodline soul held in captivity by our adversary; Across all Time, Dimension, Space and Reality, Dominions and Kingdoms, across all universes & realms, known or unknown, seen or unseen, across all directions, seasons, elements, words, deeds, contracts and satanic commissioning, all false prophecies, and religious spirits.

I release these promises along with anything stored in the strong man's trophy room in mine and my bloodlines names, for we have bound his hands so we legally can retrieve our spoils this very moment, in mine and my bloodlines name. I release these findings into our lives instantly, without delay.

I am acknowledging that the purpose of today's work that I am knowingly being reunited with Heaven through today's verdict. By receiving the Holy Spirit alignment with my soul, flesh and blood, against all genealogy spiritual warfare.

In the almighty name of Yeshua.

Lord take these findings back to the seed of creation. Shake free all dead fruit from my genealogy family tree, all known or unknown, unshackle us from the grip of our enemy, through your authority and my free will. Replenish our family Tree with the fullness of your glory, with purity and peace washed over us. Release all the promises back into our lives this very moment.

Lords shout out across all Time, Dimension, Space and Reality, Dominions and Kingdoms, across all Universes and Realms, from all directions, all elements, all seasons across all the stars of the universe, all the way back into our hearts, flesh, and blood on earth.

Lord I now walk these findings out into your Throne Room of Grace and Mercy, representing myself and my bloodline. I stand under your shower and soak my Soul in the Blood of Jesus. Let this anointing be felt amongst those of my family in most need of your love, grace and mercy, because I am full of your Hope that my actions today will show up in our lives across all genealogy connected to me.

I ask Father, let your blessings be shared with me today, be active and present in mine and my bloodlines daily life. Let your words wash through the entire bloodline lives. Let the Holy Spirit work through us, allowing us access to your truth of our individual purpose from this day forward, bringing forth all we discussed with you before we came to this life.

Father before we leave these proceeding, may I ask for the Glory to stand within me and my bloodline in a manner we have not seen before. Let us continue to heal our lives by knowing you are present with our daily actions and intent. Let our adversary know we have given ourselves to you, blocking them from all access. God, I choose to wash my soul in the blood of Jesus as I walk through your Throne Room of Grace and Mercy. Dressing my salvation with your armour.

– In Yeshua’s name Amen.
