Trading Key #28 : 3 Chairs, Data Agents, Personal War Room & Suspended Covenants

Adapted & Inspired by Dr Immanuel Teaching

This is a preparation Trading Key; you are in prep for the final court case. Within Level 2 you are recording evidence down for a cross your bloodline that is to do with Suspended Covenants.

Many will say that covenant, does not matter but it does, and we will go into any questions you online in the HYT Q & A session.

AYIN Supernatural Bodyguard Activation
Evidence through Discernment | Wisdom | Warfare | Healing Breakthrough

A bit of reading to do you will go back and forth through all Trading keys in this level. Make your notes clear because it might be weeks or months before you come back to the work. Why I say this is because that 2nd Heaven will work on de-railing you as much as possible. Remember note all the interference you encounter; we want to know how much because that give us another level of insight that they(2nd heaven & Human Agents) will not know we understand.

So don't push hard, instead be consistent & finish the race, in your time. Be VERY expectant of breakthrough.

Reminder don't speak out your intent hold it inside 2nd heaven will read you like a book as they listen into your conversation. Even though some demon-onesies are deaf & dumb they know body language they have been around for generation.

Languagues Between Worlds – 3 Chairs

Throughout each level of Trading Keys, we present a variety of case stories of how un-knowingly witchcraft is an open doorway into many lives. How it is hidden in plain sight & embedded into so many symbols & logos that we trade into without understanding the spiritual covenant and, the complexity in the spirit realm (*needle in the haystack*). How the intent is flipped on its head because of an unknown or in many cases known but not understood, the veiled implications of DNA curse.

Many so often give away their own authority unknowingly because many do not understand 2nd Heaven's supernatural frequency as a legalist! That all things in the spirit is a pre-cursor of the physical. If left uncontested then manifestation (+) or (-) happens. Add in mindfulness manifestation. Life is being feed spiritual food in your dreams or in visualisation / out of body experiences and have no spiritual discernment. You can then end up being tagged in the spirit with a 3rd generational curse. Discernment is part of our teaching, building awareness of the 3 Chairs positions.

Chair #1 Atheist / Agnostic

Chair #2 New Age (Practitioner & Client)

Chair #3 Faith Relationship

Each chair holds characteristics to your eternity. Karyn is going to share case studies, business experiences and personal life encounters from each chair. Through these three chairs Karyn will speak in a “Language” each will understand for the “soul-purpose” of eternity! Abortions & Euthanasia are topics we approach in Redemptive Keys’ 21 – 25 mentions in Home page video & discussed during HYT Q & A Level 2 & parts of Level 3. The process is to give each person time to research and then discuss what they find, The 3rd Heaven plays an enormous role through these discussions, while more terminology between worlds requires thrashing out!

Note: This section also leads you into many situations & setting in Trading Key 12 -The Watchman’s Prayer. Which is all about claiming back your property to environments and the place where you sleep. This prayer is about removing all previous ownership / tenanted agreements made in or over the land, inside the house and under the land (lay line grids). Without prep on this module, you may find some of the wording a bit challenging. Especially if you are from 1st or 2nd chair perspective.

Many people do not acknowledge that our world is dark, some say evil is in your mind, or thoughts, what I like to share is for you to look through the lens of what I see as a Seer, for the purpose of “what if” your approach is not absolute in truth! What if! the words in Gods Book has a bearing on your personal life & lifestyle results & because you don’t understand or have a relationship with him personally you are missing massive rewards of Peace? What if! you are accommodating ideas, thoughts that leads you to an eternity that is not intended for you! What if! God’s plan is bigger & better but built to withstand evil while you sore like an eagle! What if! Your destiny has been locked in the 2nd heaven because of a simple misunderstanding between you and what you know about God purpose for your life?

Man of us have chosen to look at life through a set of rose-coloured lenses, some changing their views to make life fit! It is fair to say for many, life is or can be brutal. Therefore, Karyn developed her experiences & research into these classrooms, for the purpose of discussion, backed with demonstration of Christ is living today through the Holy Spirit.

To know is to encounter the supernatural, this is available for anyone who is ready to explore on different levels. Meaning 3rd Heaven meets anyone where they are at. Our Night & Weekend Healing Courts are unexplainable for some that attend. As you travel through Level 1 & 2 it is in your HYT Q & A discussions that you will encounter the Holy Spirit and we may encounter the 2nd heaven as we progress through the hidden veils of your life. No one need any experience, bring your Free Will with a willingness to engage in conversation is a great beginning.

At the end you will find a clip from an Ex- High Satanic priest. Listen to what he used to do in his neighbourhood. This is based in New York & Karyn lives in New Zealand. Her experience will tell you about many High-Ranking Satanic Priests and Priestess's encounters that took her to the edge of death. Attacks that made no sense at the time! She will express not for their glory but a wakeup call. The world is in the middle of a Supernatural War, an invisible war which is now in humanities face. Frankly we are lagging.

Karyn is a spiritual Warrior; with combat tips that will sustain anything coming at anyone's life. Her advancement in areas can be confronting, be assured if you or anyone in your family is under any duress of any kind then the 2nd Heaven holds your eternity card!

Throughout the Trading Keys you are building a spiritual portfolio of warfare strategies it is Karyn's intent to take you to "Spiritual Bodyguards Activation" to arm you with tools that work. Her experiences as Reiki grandmaster will also give you one of the greatest insights into some veiled truth that will accelerate you knowing and application of healing.

Anyone can do healing because it's not Karyn that Heals & it won't be you that Heals it's the Holy Spirit pouring in & out of you that Heals. Once you get this your mind will never be the same, your authority will prosper and the power flowing through you will be strengthened moment by moment.

Languagues Between Worlds – Trichotomy Comfort

The Comfort on earth makes way for not truly feeling the truth of your Trichotomy that you walk around in!

The Comfort on earth makes way for deception when discernment of the Legalist in the 2nd Heaven is overlooked, denied ignored & hidden behind **MINDVEILS**

The un-comfortable hot seat on earth makes way for hidden levels of discernment into 3rd Heaven not available outside of any **Faith Relationship**

Trichotomy Healing Experiences A seat at the Eternity Table

When your “Hot Seat is vacant, your automatically have no crown nor a seat at any table in eternity. Had anyone said this to Karyn over the past 40 years she would have responded like this.

1) During her up-bring & young adult life : Politely she would have said, this is not relevant to my life right now plus I am not interested in processing anything like this. Her upbringing & education taught her to stay out of religion & politics

2) During Her career : New Age philosophies - was trained in a corporate sales environment which she traded her career into. She learnt about the power of thought & the mind. That lead her into New Age, thinking life was full of rainbows, peace, and love and that the question about eternity is more about how the cosmos would be a fun place to go. It had to be better than this suffering. She honestly felt that the Big Kahuna in the sky surely would not allow more suffering.

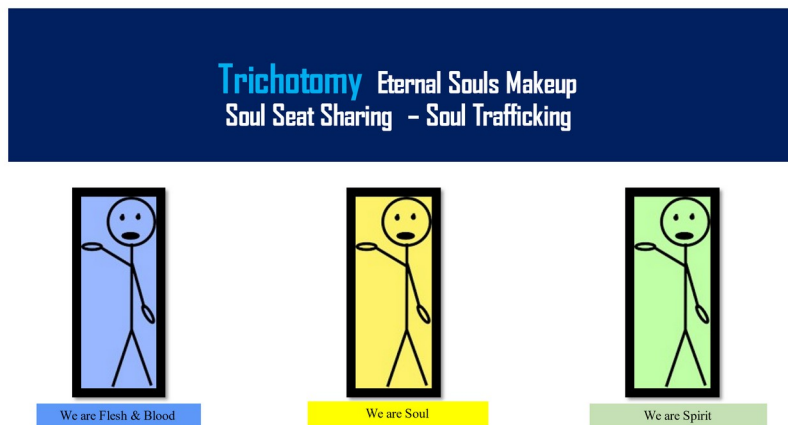

3) During her time as a New Age Practitioner & prior as a client of many modern-day modalities. Eternity is not a debate I need to have, because I have talked to those in heaven through mediumship and they are doing simply fine. How wrong she was and foolish not to research more. This is the foundation to her Teach, Heal, Seal and to share those experiences in the abyss and translate them into a conversation. For Your Free Will is the healer of all things.

4) Keep a look out for the “pin Ball Machine” Testimony & Case Study. This will allude to one of many encounters Karyn has walked through 2nd Heaven for clients. When she shares these stories, you will begin to know that there are eternity tables you just won’t want to be seated at!

5) Table of 9 is an international table of Nations, that sits firmly in the 2nd Heaven, this table is the covenant over any U.G.L.Y fruit, hidden in the spirit realms, weighed under veils of dimensions that we cannot anyways see into. This is specific to many modernisms understanding where the Peace

Police tell you there is no evil, or there is no such thing as the devil.
(Councils in the 2nd Heaven hold the keys to many cities around the world)
Learning about this is vital for change.

Example New Zealand host a high rate of youth suicides. If those in places of q=authority understood these principles, then many lives would be saved!
Just listen to the Matrix first movies not for entertainment but listen to worlds like Nebuchadnezzar, Gatekeepers, Revelation they are all biblical words, and all have relevance to Spiritual Warfare. For time we are Trading in right now!

Trichotomy Healing Experiences & Data Agents

The variety of this group is broad so what the conversation will be as per the three words above.

Understanding that in the supernatural we all (meaning from birth to death) have “Data Agents”. Think about them as 2nd Heavens private investigators.

Go to the Watchman prayer in Trading Key 12 and view the entity in the window. This is one of the shapeshifting entities (*some are also run through electricity example flashing lights, light bulbs blowing*) that attack our lives, or they go and attach to our soul, messing and fragmenting our spirit.

Data Agents’ groups hold different purposes and position themselves in different environments, as the example below ...

Some would call a ghost, a physical vision of a human, sitting in a tree wearing a cap and very cool looking sunglasses dressed in jeans, you would think completely harmless! (*so very wrong*)

A family of mum, dad, school age child, say 6 or 7, a baby in a buggy and a toddler. The toddler in the dads’ arms and mum pushing the pram, they had been VISIOUSLY messing with a young family of six. This case testimony is a foundation to what is happening in the physical life.

Arguments, disrespect for partners (family breakups). This innocent family in the spirit had an encounter that did major damage. But the results when spiritual warfare was applied BOOM!! Evicted. A complete turnaround for the young family, returning peace with a .01% of stress remaining.

Now this one testimony will throw up loads of questions, so note them down and bring them to the pre or post online Zoom-in Healing Assessment Q & A session.

To this day the family continues to meet the supernatural before they deal with the physical. Is it a challenge if one part is not of the understanding! Yet the results through consistently challenging the supernatural with your

“AUTHORIY” is a key role, while the other is understanding what weapons to use in which situation.

Last small example, having car problems? You may have a W.O.F person living in your garden shed! (in NZ Warrant of Fitness is car maintenance required by law). Whatever your countries mandate then use that terminology. While Karyn & a friend kept having car issues, on vision Karyn was shown a man in overalls sitting in a garden shed. This was his WOF booth. In the spirt it was his eternity home, and he did some major & costly damages to what were, always reliable cars.

2nd Heaven is about wasting your money of things that keep you out of pocket, which in turn keeps you out of joy, peace, and love, because dollars are constantly tying you up and leaving you with little spare cash.

Trichotomy Healing Experiences Soul Trading & Baggage Island

Now we will talk about Trichotomy Trading Records & how the needle in the haystack, take hold, & become your un-seen anchor, that looks like one strand of hair.

As you go to a Dr, Lawyer, Accountant, Car mechanic, Dentist, they all hold records of your visitation or trading records.

Same with New Age and Satanic Groups. In the supernatural your records are recorded upon a Stone Tablet Called the Akashic Records. When these are in the spirit your life is managed and mandated by the 2nd Heaven not the 3rd Heaven. Agnostic / Atheist Chairs also fall under this category or record keeping. Biblically they are called your Books of Remembrance.

As a tag team the Data agents have little minions but in essence, the Data Agents have handlers. These handlers have a few mythology creatures that are used as a “Thither” a like a child walking harness from the 50’s & 60’s era.

This harness is attached to any part of your spirit, veiled for many (this is where supernatural discernment is beneficial). Yet once an awareness of what you are dealing with in the physical, you can find the hidden in the supernatural and no gifts required. You will learn throughout each module what you are looking at, as the enemy has the greatest EGO! And it will not take long before the veils are dropped. Why, because the system thinks we are not looking and do not believe they exist. They walk and control without restraint and the moment you take your God Given Authority with spiritual tactics & strategies, life simply changes. Life changes in all areas: health, finance, careers, relationship, wellbeing of mind & emotions. Your Soul and your spirit start to harmonise through awareness of your trichotomy position on that day and the subject you are facing.

Now it’s time for the definition of Data Agents Handlers Personalities & roles they play against humanity.

Four Categories, or aspects of Lucifer's personality, (*remember a third = 33 = 33 degrees of freemasons*)

- 1) Principalities
- 2) Powers
- 3) Devil
- 4) Satan

All are Fallen Angels all represent the 4 aspects of Lucifer.

- 1) Principalities - *The earthly handler of "dragons"*
- 2) Powers- *earthly handlers of Serpents Bloodline earth & sea*
- 3) Devil - Ruler of darkness of this world & handler of all lies & flies
- 4) Satan – Instils Fear on Humanity, *Boss of Spiritual Wickedness in High Places (The supernatural atmosphere or the Abyss, all Vortex & Portals accessing baggage Island & inner earth lay line grids & elevator shafts).*

Trade deals are another layer hidden with each of these 4 aspects of 2nd Heaven Ruler. Each of Lucifer's 4 aspects hold recorded taking or leaders against our names, our DNA through Birth Certificates and Davos Ledgers. All tracking and tracing of your DNA, who goes or gets into University, all the way to how much your bloodline has used in funding for terminal illness.

When a medium or a New Age healer says they see a dragon, then you are being presented with a Principality. They just won't see it for they hide behind the dragon.

That allocated principality is not something you pray against its something a team would warfare against by finding out its mandate. They are territorial, they hold nations into poverty or war, they are called on by satanic governance, religious orders & secret societies.

It takes Gods army to work with Archangel Michael and that's another level of understanding.

No man or women on earth has any legal right to ask Archangel Michael or Gabriel to command or seek them to do something for you. An example, can you turn up at a famous movie stars home & say I am going to borrow your bodyguard for a few hours to help drive away the repo guy, because I have got myself into a little situation?

How many New Age people ask daily for help from the angels, and in the situations, they are seeing the angels, how can they or do they know WHICH HEAVEN the angelic being has come from? Are they 1st heavens Angels or 2nd Heavens Angels because there is a vast difference and hundreds of reasons to ask yourself that question?

Please remember the 2nd Heaven is against Humanity! When so many embrace the abyss / cosmos / light beings. Lucifer is the angel of light meaning he appears in light to win you over. Yet in any battle his armour is the size of a 747jet plan, covered from head to toe with knives that are so blinding many would take as light.

Many times, he will turn up on his throne, wielding his authority, yet use the right words and names and BOOM! He is a vapour of nothing.

2nd Heaven Get out of Jail Free key's is what I first thought was my purpose until 1 year in I realised its quite the opposite!

I heard this quote just recently and I thought about it for a few weeks. As I grow in understanding it is clear to me that those who have had a generational background in biblical knowledge are different from those that have that knowledge and walk with a "Faith relationship" with Christ.

There is a massive difference, from my perspective. No matter what I feel its worthy of relaying this quote.

QUOTE

“It is not my job to help you find a “Get out of Hell Pass”

It is my job to pull Heaven Down onto earth for you to experience!

This would be my message, from a “3 Chair” perspective.

Atheist ? Agnostic

Up bringing until mid-way through my career

New Age / Modernism

All things of making the mind greater, Law Of Attraction, The Secret, Abraham Hick , Christy Marie Sheldon Love and Above, Unlimited Abundance and much more

Faith Relationship : Signs wonders & miracles have happened to me, through and around me. My experience can't deny I have a growing relationship with Jesus. It is that relationship that I expose to you & it is my hope through Faith that you will experience of Jesus, Holy Spirit, Father God, not through knowledge because I have not been a Christian long enough to give you more than my experience and by faith this is what I share. with you.

2nd Heaven Get out of Jail Free key's : 1st heaven is earth 2nd heaven are the rulers of darkness that walk un-seen on earth & in the atmosphere, 3rd Heaven is Truth Love Peace & Joy

Join us and explore hidden veils of the unseen that have billions imprisoned inside walls without bars, that in the spirit look like faceted crystals of light a Prism so intricately blocking & locking your DNA past present & future into a false set of life's architecture plans!

Today join our classroom & get your “Get out of Jail Free Keys” & re-set you life's plan.

Faceted Testimonies & case studies of why Hell is on earth & how to escape out of the 1st heaven (earth) bypassing the 2nd heavens upper management into the 3rd heaven of Gods, Love, Peace, Joy, Grace, Mercy & his intermit one on one Glory while you are alive and into eternity : The

invisible prism that your soul & your spirit has on your life & lifestyle, locked inside (*translated in this world or sold to many as cosmic light rays with various guides, master guides, angelic hosts or angels names*) can be depicted simple as a sapphire diamond or as the 3D image above.

This example shows you why life is so hard for some to break free, because through your trichotomy that has been positioned into these light rays at any age (from conception to death) the human trichotomy can get locked into an invisible prison.

The 1st heaven (earth) gives out labels identified as modern-day mind ailments, physical body or organ ailments, none are miss-diagnoses like cancer, Alzheimer's or depression, but all need a level of discernment or trajectory from the 2nd heavens. The intent, mandate, or portfolio on everyone's life holds immense value for an eternity reason. (A discussion we have with-in our 9 modules.)

Example: *birth certificate number, for your DNA lineage plays a big role in the discovery of truth.* Understanding fundamental strategies of war between the heavens is critical to BREAKTHROUGH life & lifestyle issues.

Welcome to my work & personal journey, case studies & client testimonies, including strategies & solutions from others who have moved mountains to receive freedom here on this hellish earth & for all of eternity.

Hi, my name is Karyn & I facilitate & supply road maps that will change the trajectory of your trichotomy. These modules of teachings & healing are for anyone willing to step into a faith relationship with getting to know how to claim back their "soul" & their "spirit" which they have unknowingly surrendered into the 2nd Heaven.

Example think of how many times you have popped up a white flag, surrendering not just in the physical daily grind of life but in your dreams. Do you understand how "2nd heavens spirits & armies of darkness feed us like spiritual food, injections, feed us lies, cancer, mind issues like

depression, every conceivable ailment, discord, suicide, voice in a messed-up head, cognitive issues, spiritual violence and so much more.

Think about the harshest community in your nation. Think about national or international issues and poverty. All is fed to your “Soulish nature” & “your spirit” through encounters, awake or asleep!

Fear of relationship breakdown, a reading from any psychic, a sickness from genealogy, understanding or the passing down of genealogy poverty, any of these and thousands more gets manipulated and sewn into your “Soul” while asleep.

Trichotomy healing is fascinating, and it is detailed and worthy of your research. It is backed with examples on how to get breakthrough in life. Why do patterns keep reappearing monthly, annually or decade by decade, no matter your issue?

Soul manipulation in the spirit realm, means in that moment of total exhaustion or despair, unknowingly you have popped up a white flag and surrendered to the 2nd heaven, and BOOM! They have your physical life on puppet strings. It looks like depression, addiction, binge drinking, bad investments that looked good on paper and so much more.

To achieve breakthrough, it is critical in achieving change or a chance for change, to come to terms with the understanding of these invisible actions. For the invisible faceted prison bars are hidden in plain sight.

Man is born into a fallen world, and the 2nd heaven holds the legal rights to tempt our soulish nature.

This fallen world in the invisible is beyond man’s understanding, yet it is our ability to stop and research our own truth through our own experiences. That delivers us into an understanding that stops everything and gifts you what we call “Spiritual Bodyguard Activation”.

Example #1 : If a business has accounting issues you go to an accountant to problem solve, to gain wisdom and to understand the situation.

Example #2 : When you have an ailment, you go to a Doctor. In the event he cannot answer, you go onto a specialised consultant / surgeon.

Example #3 : An accusation has been made with the police so both sides go to lawyers or legal aid.

Example #4 : You decide to buy a home, apartment, or investment property, let us say to the value of \$700k. You have a \$150k saved you would then go to the bank or a mortgage broker.

Each of these 4 examples lead you to an outcome. That outcome is built on your ability to use the information and invest it into parts of your life, through action, or researching a set of tasks set out by the person you have sought insight from. This could be a friend or a professional to who keeps you out of any future troublesome times.

The above four examples have led Karyn into sharing her encounters, with some parts are based on her professional information, others are personal encounters while some are researched & tested by groups of volunteers throughout her years of composing the material. Heal Your Trichotomy is about the human trichotomy & the relevance to winning in life & eternity.

Through exploration discernment & demonstration, Holy Spirit helps Karyn discern the unseen by viewing your

SOUL (*Mind, Will, Emotions*)

SPIRIT (*fragmented, perforated, fractured*)

Life RESULTS (*through evidence*)

Because unknowingly you are being micromanaged by 2nd heaven

Or

You have complete freedom! a life filled with abundance of JOY & PEACE with over whelming walk filled with Love, so much that Loving is what you do natural no matter others position. This means that 3rd Heaven | Jesus got your back!

Knowing this is critical because if you have not noticed humanities trichotomy is under attack! A war of the world has jumped out of the TV screen into our everyday reality. We are at war, and it is now time to understand what side you belong to in the Spirit World. Your physical world may say one statement but the ownership of the souls of the nations is another. There is such a big disparity amongst teachings, it is hard to gather your thoughts to compile what is truth on what is misleading. Join our classroom join in our **HYT Q & A**, ask the difficult questions, be at peace when you do or come and find peace if you are not in a good place either way Holy Spirit is the Healing Power of Creation and it could be your time to connect. For your truth is worthy of knowing your purpose and assignment!

Q | Which side has your “soul” or your “spirit-man” surrendered to in the supernatural or who in your D.N.A has sold you out unknowingly!

For Karyn, while in New Age, she had an understanding, witnessing healings that her work was of the 3rd Heaven. It was not until some profound encounters with clients & in her personal life, that she was released from the “REIKI DEMON” and started to operate in the 3rd Heaven. This happened after her soul was “purged” Humm! Meaning the taking off; of the 2nd Heaven attachments.

Karyn’s 3 levels of Classroom set the foundation to a verity of lifes, problem-solving. The approach is through by experiences, either from individual client case studies or encounters in the physical connected to the origin in the supernatural. Including her personal walk-through Atheist & Agnostic, New Age and building a faith relationship with God.

Karyn takes people on a journey of understanding faith relationship & how it is made available for anyone that has had enough and wants to break out of the unseemingly unshakable invisible bars over any part of our lives.

What she found and continues to see, how many have unknowingly surrendered their “soul” & their “spirit” to the 2nd Heaven. Throughout the testimonies & encounters inside many Real-Life Stories, available for you to read you will find research to back up the breakthrough.

Within the Trading Keys as a student, you are asked to read our material while also doing your own research & refer to many outside references we present along with our own inhouse material. With some material you are going to be pointed out into the world researching Biblical | New Age | Science | Globalist | Governmental Perspectives | to come to your own conclusion. The 2nd Heaven, “Get out of Jail FREE keys” has been composed over the past five years. We also bring updated never-ending new encounters and scenarios that pop up along the way.

In closing, the discernment in the spirit realms or 2nd heaven is gifted by God. It is Karyn’s discernment & heart intent to set anyone free (*seek & they shell find*). Karyn has walked the walk and now it’s time to talk. Is this your time to walk knowingly into by “Faith Relationship” and claim physical & eternal freedom? Live a knowing life, without invisible light ray cosmic bars! You are going to be challenged, and Karyn welcomes your perspective inside healthy discussions.

Remember principalities & power angels fell from heaven! Are you sure your master guiding angels is from 3rd heaven & not the 2nd heaven? Time to pop the stethoscope on the heart of the unseen & see if it has a heart?

Remember Gods Throne and his light travel through the 2nd heaven to connect with us here on earth (1st Heaven). So, do you think there is a chance of interference in your frequency to receive truth and personal revelation to your purpose because of this one aspect of our world & the atmosphere around us?

Example, here on earth (1st Heaven) you would agree that we have intruders breaking into houses and steal possessions! The same goes for your trichotomy. Any situation will host an invisible entity that steals from you, no matter the category, topic, or agenda. This truth is so valuable, not just to understand but to apply actionable data to your life results and to impact massive change.

Have you ever stopped & thought about the who is stealing your life?

Who is attached & attacking your “Soul” or Possessing your life results?

Why do they take records like your, Doctor, Lawyer, Teacher or Boss?

The greatest question is who, why & how do we all deal with false accusations and why is your soul or spirit-man trapped inside an invisible

prison? Why is it worthy for you to understand and seal this information for the purpose of current and future generations?

A **facet** is a flat surface on the geometric shape of the **diamond**. For example, if you would take a look at the brilliant cut **diamond** you will see the stone consists of 57 **facets**; the crown of the **diamond** has 33 **facets** on the top part of the girdle and 24 on the pavilion, which is underneath the girdle.

The complexity to the trichotomy.

The complexity to healing the soul.

The complexity of healing the spirit-man.

This is based on how well the 1st Heaven (earth, science, medical, governments, media, drug corporations, environmental groups, legal paternities, financial agencies, Global welfare, and famine organisations / groups, indigenous groups & the general population) are ready to learn, receive and dialog in conversation.

The trajectory of claiming back your truth is in the research of the different prisms your “spirit-man” can or is locked into - the 2nd heavens invisible poison.

With-out “HIS Keys” you will not be free to receive your individual truth as it is written in heaven.

Q | Doctors deal with physical body ailments, then who is best equipped to deal with the Soul & Spirit-man?

I have another question for you personally!

Q | With your spirit-man & your soul, my question is, what transactions or trading has or could have locked you into your current unshakable or unthinkable situation? & how deep or what part of the faceted diamond are you locked into? & how do you get out of this invisible prism or get out of jail free card!

Invisible prism looks like

Get out of Jail Free Keys

Q | Within one group of people many hold the access to the keys to freedom! Truthfully, many denied this group, keeping our-selves locked into the 2nd Heavens agenda. To receive the keys that un-lock our freedom is to understand your trichotomies' truth, by self-inner healing, breaking the un-seen lies from this fallen world we are born and trading into is a great starting point!

Covenant is the single most important concept in all of Scripture. It is therefore no coincidence that it is also the single most misunderstood.

Although it is clear in the Scriptural record that there are manifold and various kinds of covenant

Covenant of blood

Covenant of name

Covenant of threshold (or cornerstone)

Covenant of salt and peace (Light & flavour we bring to the world of darkness)

Over the last few centuries, these have all been smooshed down together into a theological mash-up that doesn't recognise their distinctive nature or, in some cases, distinguishes them from legal contract.

A divine blood covenant is unconditional - all the promises are one-sided and they come from God. It brings us into the family of God as a son or daughter and there is nothing that can snatch us out of His hand.

A divine blood covenant is also basically a period of probation. Much like the time in the Garden of Eden was.

With God's offer of name and threshold covenant comes testing. Because these covenants are no longer unconditional. There are now promises on both sides. And very grave penalties for breaching them.

If we unthinkingly apply the concept of blood covenant to every other covenant and believe them to be no different, we misunderstand what it means to embrace ever-deeper intimacy with God.

Prep for Activation Prayer

Father: I bring to you my DNA, all the way back to the garden forward in time back to this exact moment, where I choose by my free will to prepare my case for your courtroom in heaven.

Lord, I ask that the vault of Hells Record Keeping be opened and to be turned over to your courtroom in heaven for verification and timelines. Let nothing be present after this trial from our adversary let all things be stamped with your time clock disempowering any future attempts and attacks on our lives & DNA line.

Lord I am searching out these matters through “King Jesus” & as my advocate I ask for the courts to call all matters & records filed today in these proceeding be added to my files and place into the sea of glass under the Order of Melchizedek.

Whatever anyone has done to lead my DNA into evil, curses, altars, dedications & covenants & separated us from Gods Covenant in accordance to his word in **Exodus 20:2-5**

For he says : that he will suspend his covenant with us through to the 3rd & 4th generations for our despondence.

Father, as I stand inside your Court Rooms in Heaven, as I establish evidence through a greater depth of information, as I build that into knowledge and transform my understanding into your wisdom for my life Abba Father, Daddy, Pappa, El Shaddai, Elohim, I come to you from a place of humbleness & I praise and worship you for what you are doing for me today.

Lord, I won't myself & my DNA to be FREE,

Free of evil curses, altars, dedications & destructive covenants.

Lord I Repent, I Repent, I Repent!

I Release us from the torment of DNA Familiar Spirits

Lord, I understand the meaning to your words that you have a legal right to bring the actions of my ancestors upon us because of their actions. Which means there must be a prosecution present in your court room that has had legal access into my life and the lives of my DNA, for a court case must host a victim, a advocate & a prosecution to be seated in front of a Judge.

Lord, through the wide verity of misunderstanding, through knowingly or unknowingly your words it saddens me to come to terms that my DNA has left a trail of evil curses, altars, dedications & covenant that have been woven into a tapestry of un-Godly soulsh actions forming the foundation for my accuser to take physical action across a wide verity of life & lifestyle assaults not just against me but singling out individuals in my DNA, in some situation entire family groups.

Father I am Repenting for what they did, even if the person is dead. Father, for your word says in **Leviticus 26:40-41** we must repent or ask for forgiveness for the sins of our ancestors. Whatever any of us have done Lord forgive us of our DNA, iniquity, transgression & sin.

I speak through the blood-stained door of Jesus Christ, Lord whatever I have done whatever I have committed against you Lord I am asking you right now Lord every evil curse, altar, dedication & destructive covenant I have knowingly or unknowingly let into my life & lifestyle, let the voice they have bound me & my DNA into, let the voice of the lord speak as my advocate.

Lord I Repent for every lie spoken
Lord I Repent for every sacrifice made
Lord I Repent for every evil covenant attachment

ed knowingly or unknowingly to our DNA I silence the evil voices of the supernatural & I Repent for the curses that have transpired from the actions & intent of my DNA that has now manifested & laid upon our lives.

Lord, I won't myself & my DNA to be FREE,
Free of curses, altars, dedications & destructive covenants.

Lord I Repent, I Repent, I Repent!
I release us from the torment of DNA Familiar Spirits
Stop them accessing our lives!

I call forward into your Courtroom in heaven on this day each and every
“Demon Onesie” that is violating & mimicking lies!

I call through my advocate Jesus Christ FREE mine and anyone in my DNA that have had their sacred Chakras violated, were ever he finds them chained to other entities, I Repent & Forgive all the way back to the Garden forward in time back to this exact moment.

Jesus take the very last molecule of each Demonic Onesie and do as your see fit.

Lord I am seeking on behalf of myself & my DNA for a full re-conciliation, re-establishment with your blessing of a full restoration of my Fathers Sovereign Covenant. May the Righteous Judge receive me today as I approached his court with praise and worship in my heart.

Father for now not what all has been said and done by those before me and those that are yet to come, but I do know you are a just judge a righteous judge and this I know your Grace & Mercy are my only hope through the Covenant door of the cornerstone my advocate Lord Jesus Christ.

Lord all the scripture research I have read today may not all hold awareness in my mind, but I will take todays actions and meditate on these words until they hold an impression in my heart, I will share my revelations and your court into my DNA for current and future generations to understand. Lord I take into my quite time with you and contemplate

Constellation Prayer

Father

I suspend time

I enter your courtrooms in heaven through the bloodstained door

To address negative covenant standing against my DNA across all time dimension space & reality, Righteous Judge I am requesting that all covenants be brought forward today, all past present & future trading covenants & all things unknown to me.

I enter your courtroom in heaven by ascending Jacob's ladder, as Jacob laid his head upon a rock I to lay my DNA upon that same rock to ascend into your heavenly realms & your courtrooms in Heaven.

I decree my guardian angels from the Host of the 3rd Heaven are with me on this journey

I decree that the realms of supernatural is open

Lord you said whatever we ask in your name we will have it.

And Father in your name

I ask that the angels of the Lord touch all we talk about today

I ask that the angels of the Lord destroy all altars attached to what we talk about today

I ask that they protect my ascension & descension & all words or messages spoken on this day are carried into Heavenly Place of the 3rd Heaven

I ask for the Archangel Michael & His legions of Warring Angels be by my side today

I ask for all relevant DNA Books of Remembrance be opened ready for updates

Lord whatever needs to co-operate and to be traded out of evil today, any sin, iniquity, or transgression. I am present to repent & forgive so myself & my DNA will receive miracles, across all things known or unknown, seen or unseen for I TRUST IN YOU LORD JESUS

Father, through the suspension of physical time indicates that we are entering into your time space reality. As a group we come as a collective, we enter your Gates with Thanksgiving & Your Courts with Praise.

We do come boldly because today I _____ have been in your presence and it is through that encounter I hold a greater understanding to the truth of hidden supernatural DNA restraints over my bloodline lives.

Collectively / Corporately we seek for "Full Disclosure" all hidden EVIL supernatural curses, altars, dedications & Destructive Covenants. For the truth to be revealed of what is held against us, all Lies & Deceptions, all manipulation from human agents & non-human agents all hidden documents all the way to the little Black Books hosting legality issues poised to be presented on each of our "Day of Judgment".

We are not prepared to leave with anything standing against us.

We call the following into your court room all documentations known or unknown seen or unseen, recorded or unspoken voices, held against our will

& knowledge, all future planned charges from our adversary are to be called into Court on this day, every architectural plan in draft format all soul tapestry and soul trafficking, all soul fractures and Soul Fracking all soul Sharman misalignment and sacred psychometry interference. All out of body fluids and DNA standards all cosmic forces that have contributed to these know or unknow transactions.

All Jewish Kabbalah Tree of Life points embedded inside New Age healing Symbols, Codes, & Modern-Day Modalities, Card readings & mediumship, Sorcery and Divination. Chained to the invisible realms, that have accessed my life through Access Consciousness, Mindfulness Meditation and every level of Night Terror from the Sexual activities and invasion of my physical life source.

Lord before I take the sword of the spirit & “Cut silver cords & strands”
chaining me & my DNA to any mothership through any pirates’ ships
sailing the atmosphere.

I ask for your heavenly warring angels to insert all stands with dominus fire,
to coteries each strand.

I return to sender a message in a bottle, or all covenants established through
these invasions of my person, my soul and this is the message

I send each piece of Gods Dunamis Fire with a message in a bottle, with
these instructions

and instruct the dynamite to travel to the origin of the mothership & destroy
for eternity.

Step #1

From earth we pull the veils down exposing any silver cords attached to
(___ insert name ___)

Cauterize each strand to ensure non can survive from the exit point unplug
the connections to all human interface prior to explosion. Freeing the souls
trapped .

Let all trafficked souls return to the matched original identity, let no child,
man or women be without pure soul connection so the Spirit of God may
restore all things stolen.

Let the veils of manipulation fall at Jesus feet giving him full power to do as he sees, removing for eternity.

Unplugging process is a WILL of an individual let the power of the creator communicate through a “TRUTH DREAM allowing the intermit realisation he is coming he is coming he is coming soon!
